Sabal Palms is an Assisted Living & Memory Care Community that helps seniors stay active, eat well, laugh daily, and live their best life in retirement while enjoying the tranquility of Flagler Beach. Sabal Palms provides both assisted living and memory care. We cater to both residents that enjoy their space and independent lifestyle, but need some assistance and care nearby, and those with Alzheimer's and dementia. Our caring staff and memory care program provide an enriching, caring, and safe living environment.
