Fire Marshal Training is a leading UK provider of accredited online fire safety courses, specialising in comprehensive Fire Marshal, Fire Warden, Fire Safety Awareness, and Fire Extinguisher training. Designed for individuals and organisations across all sectors, our courses are fully compliant with UK fire safety legislation and recognised by employers, insurers, and local authorities nationwide. We make learning accessible, affordable, and convenient through our easy-to-use online platform, allowing learners to complete training anytime, anywhere. Each course combines engaging video content, interactive modules, and practical guidance to ensure participants gain the knowledge and confidence needed to

prevent fires, manage risks, and respond effectively in emergencies. All our training is RoSPA approved and CPD accredited, ensuring the highest standards of safety education. Upon successful completion, learners receive an instant digital certificate as proof of competence. Trusted by thousands of businesses, schools, and organisations across the UK, Fire Marshal Training is committed to promoting a safer workplace culture through clear, compliant, and high-quality online learning. Whether you're training as a designated Fire Warden or simply enhancing your fire safety awareness, our expert-developed courses provide the essential knowledge to keep people and premises safe.
